

### Part 1

Write about how computers are useful in our lives.

Write a **paragraph** containing **at least 40** words.

## Part 2

Write a persuasive essay about sustainability and helping the environment.  
You should include:

- what is likely to happen if we do not listen to scientists and help the environment
- the positive impact of 'green cities', buildings and homes
- another effective way to reduce climate change.

Write **at least 150 words**.
