Robots are capable of performing various complex tasks. Some of them include assembling cars in factories and helping with medical procedures. In spite of having these advanced functions, they still do not have personalities. However, this could change in the near future. At present, a group of engineers, scientists and psychologists from all over Europe are starting a project to develop robots with personalities. The scientists believe that as robots become more guaranteed and play a greater role in society, they will need to be able to deal with humans. It is planned that robots will be able to help around the house, act as companions, shop online and help the elderly people interact with everyday problems. There is no aspect of life that robots will not affect. But in order to develop robots with personalities, the scientists must try and copy the facial expressions and gestures which allow humans to *communicate* and form relationships with one another. It is hoped that this research will provide important information about relationships between humans and robots.

6-Read the following passage and answer the questions:

People have been wearing clothes for thousands of years, but we are not absolutely certain why prehistoric man first did so. There must have been various reasons. Clothing was needed for protection from the weather and perhaps from injury while hunting. A less practical reason was for decoration. An early myth suggests that people first covered their bodies for reasons of modesty. Today, experts say that clothing is a kind of language. We often put on clothes and accessories to show what kind of people we are. From what people wear, we can often tell their age, whether they are male or female, where they come from, their religious beliefs, whether they are married, what their jobs are, what sports they do, and how rich or powerful they are.

A)Give short answers to the following questions:

The advantages and disadvantages of the internet

The internet is a double – edged weapon. It has a lot of advantages and disadvantages. Its advantages are various. It is an important source of information. It is also a massive library that contains information about every thing you can imagine. The internet is an important means of communication as well. Through it, you can make audio and video calls, send e-mails and chat. It provides different forms of entertainment. You can watch films and listen to music. On the other hand, the internet has some disadvantages. It can be used in a bad way by some people to watch bad films or spread false news. It is also impossible to control the sort of information your children might get. It can mislead people and destroy their believes. Some young people spend several hours on the internet, which affects their health, study and personality. To sum up, the internet is a blessing if it is used well and it is a curse if it is used badly.

Art does not just refer to paintings in a museum. There are many different kinds of art. Advertising and architecture are both kinds of art too, in my opinion, and they have an effect on our lives. Even people who are not interested in going to art galleries are still affected by these other kinds of art. Posters and other forms of advertisements are all around us, especially in towns and cities, and we cannot help seeing them. If they are successful advertisements, they make us want to buy certain products. In addition, adverts often make the streets more colourful and attractive. We can say that different forms of art are all around us and have a big effect on our everyday life.

7-A-Answer the following questions:

1- What was Colonel Sapt's plan to get the ill king back to the palace?

As soon as they were alone in the King's bedroom after the coronation, Rassendyll and Sapt would leave and go back to the hunting lodge on their horses. Sapt told Josef to get the King ready for the journey back. The King would then return to the palace with Sapt in the dark. Rassendyll would ride as fast as he could to the borders and leave the country before it was light.

- 2- Why was Sapt so anxious about Rassendyll's decision to ride alone through the old town?
- Because people there supported Michael. If Rassendyll had been killed there, Sapt's position would have been very difficult.
- 3- How did Rudolf Rassendyll escape when Michael's men were about to trap him? He knocked one man off his horse, then another man with his sword . He was about to be trapped but he saw a gap between the men , he turned his horse and left through the gap to the forest
- 4- Why didn't Colonel Sapt want Rudolf Rassendyll to go to the summer house?
- Because Sapt thought it was a trap to kill Rassendyll.
