#### **Reading Comprehension (16 Marks )**

#### C-) Read the following passage then answer the questions below(140-160words)

The sea is a wonderful place. Some people enjoy swimming and water sport. Other people like sea animals and fish. Our science teacher asked us to make a short video project about sea animals and fish. I went with my father and sister to make my video. I started by taking pictures of the blue sea and yellow sand. I also took pictures of some sea animals. I found a puffer fish which had very sharp teeth. We saw some turtles with beautiful shells on the beach. <u>They</u> were digging holes to lay their eggs. My father told me that there are very big sea animals that we don't see always near the beach; like the whale shark which is the <u>largest</u> shark. He also told me that there are very small sea animals that we cannot see with our eyes. I finished the project and gave it to my science teacher who was very happy with it.
