## Grade 7 General Reading

### Part 2

Read about how an Emirati family shares their culture. For questions **6 – 10**, choose the correct answer (**A, B, or C**).

There is one **EXAMPLE**.

#### Sharing With Friends

My name is Hassan and I want to tell you about my friends, Kaito and Haru. They live in Japan, but they travel a lot with their parents. Last year, they came to visit us in Abu Dhabi, and our families had so much fun together.

Kaito and Haru were very excited to learn about falconry, and I had fun teaching them. We also played football with some of my friends.

I told my father they'd never seen a camel, so he planned a surprise for them. He said that he would take us horse riding, but when we arrived in Khattam Al Shikla, there were camels instead. Haru was so excited, but Kaito was a little scared. Dad said he didn't have to ride the camel if he didn't want to, but Kaito decided to try it. He loved it so much, that he didn't want to leave. On their last day in the UAE, Kaito, Haru, their mother, and father all dressed in traditional Emirati clothes and we took a picture together.

Next month, my family will go to Japan and we will see our friends. I don't know what they will teach us about Japanese culture, but I hope we can take a picture with everyone wearing monos.

### Part 1

Read this email from a school principal to parents. For numbers 1 – 5. Write the **LETTER** of the correct header for each paragraph. There is one letter that you do not need. There is one **EXAMPLE**.

Dear Parents,

I am writing to tell you about the grade seven trip to the desert next week.

**Example: A** Students received a special notebook last week. They are using it in their Science, Maths, and English classes. The trip to the desert will be fun and exciting, but it will also help them to learn.

1. \_\_\_\_\_ Everyone must wear hiking shoes, trousers, and sunglasses. All students will receive a t-shirt with our school's name on the front and back. All students must wear the t-shirt on the school trip.

2. \_\_\_\_\_ Students will be in small safety groups of six students. Each group will have a teacher. The teacher will have a mobile phone and water for the students. Students must stay close to their teacher.

3. \_\_\_\_\_ This is a day trip, so student will not need sleeping bags, tents, or torches. Also, nature is more important than technology, so mobile phones are not allowed.

4. \_\_\_\_\_ Students who break school rules this week cannot go to the desert next week. They must go to class on time, do their homework, and listen to their teachers.

5. \_\_\_\_\_ Please bring your child to school at 5:30 a.m. The bus will leave at 6:00 a.m. We will return at 8:00 p.m. This will be a full day of fun and learning.

Please email me to ask questions.

Thank you,

Mohammad  
Principal

### Part 3

Read this article about bicycles and cars. For numbers 11 – 15, read each sentence, and select **True**, **False**, or **Not Given**. There is one **EXAMPLE**.

#### The Better Ride

Bicycles and cars are very old forms of transport, but which one is older? In the year 1418, a man in Italy, made something with four wheels. In 1813, a man in Germany made a bicycle with two wheels. He took it to England where everyone loved it. They called it a "Hobby Horse" and people loved it. In 1880, the first car was made. It was called a "Motor Wagon" and people loved it. We still love cars and bicycles today.

Some people say that bicycles are better than cars. Cars cause pollution, and pollution makes people ill. Pollution is also bad for plants and animals. Bicycles do not have engines, so they do not cause pollution. Cars are also very expensive to buy and keep. Bicycles are cheap.

Many cities are not safe for riding a bicycle, but some are making cycle paths so people can ride their bikes away from cars. They also have cycle shelters where people can leave their bikes when they are shopping.

Many people say that a car is better. A car can go faster than a bicycle. A car can also transport many people. When you go shopping, a car can hold many bags of food and clothes. And, when it rains, a car keeps everyone dry.

Bicycles and cars are both good and bad.
