- 1-Write a paragraph about forms of transport in Dubai.
- Which forms have you travelled on?
- Which one is your favorite?

**There are many forms of transport in Dubai such as metro, bus, taxi and water taxi.**

**I have travelled by taxi and the metro and I hope to travel in a water taxi. My favorite form of transport is the metro because it is amazing. I was surprised to find it was without driver.**

**On the metro you can walk and sit in a cafe or even eat in a restaurant. I think it has a supermarket.**

**I am waiting for the next holiday ,so my father takes me to travel on water taxi.**

-Practice.

- 1-Write a paragraph about forms of transport in Sharjah
- Which forms have you travelled by ?
- Which one is your favorite?

2-Write a dialogue of about 4 exchanges between two friends discussing the advantages and disadvantage of a form of public transport.

**Ahmad: Hi Khaled, did you travel by the metro today?**

**Khaled: Yes I did. It was great.**

**Ahmad: Tell me about it.**

**Khaled: I thought it would be overcrowded, but it was so comfortable and convenient.**

**Ahmad: So will you travel by the metro again?**

**Khaled: sometimes, because the metro station is far away from my home.**

**Ahmad: When you travel on metro, please tell me I would like to go with you.**

**Khaled: If God wills. Let's go next week.**

-Practice

4-Write a paragraph about positive and negative points of having a longer school day.

**Having a longer school day has more negative points than positive points. For example, one and half an hour extra enables students to take two more lessons but it will push them to feel bored.**

**It will also require more homework which will be inconvenient for parents. Finally students will leave school in a hotter time and it may cause some health problems while going back home.**

-Practice-

Do you agree or disagree on having a LONG STUDYING DAY AT SCHOOL?

5-Write a persuasive email about solar bus system.

**Dear sir.**

**I believe that the plans for the solar bus system are brilliant. If these plans were carried out we would soon have less pollution. Secondly, there will be less use of fuel to be used for other usages. Finally, there would be less fire caused by fuel at petrol stations.**

**However some people say that it will cost much money. This is not relevant because health is more important than money.**

**In conclusion, I hope your plans would be done soon**

**Yours faithfully.**

-Practice

-Write a persuasive email about solar system

to be used in taxi.
